

CONSTRUCTION SUICIDE PREVENTION PARTNERSHIP

The Construction Industry has one of the highest rates of suicide. We are here to change that dynamic and provide hope. Our services aim to save lives and improve mental health. Below are some free tools and services we have to help your company or job site meet this challenge:

- 01 ToolBoxTalks
- 02 Customized QPR™ Suicide Prevention Training
- 03 Job Site Materials and Action guide
- 04 Substance Abuse Prevention, Resiliency Training

let's build a better way!

About us

The Construction Suicide Prevention Partnership (CSPP) is committed to providing free services, advocacy, and resources that improve the lives of construction professionals. We work across the industry to build solutions and healthier job sites.
